THE SECURITY INSTITUTE

Certificate in Security Management

BTEC Level 3

Education Partners

The Security Institute and Perpetuity Training work closely together to deliver training within the Security Profession.

The Security Institute (SyI) is the largest association for security professionals in the UK, offering networking, news, events and a unique validation of experience much valued by employers and clients.

Perpetuity Training is at the forefront of security management training provision in the UK and has a unique background in security research, education and qualification.

Who will benefit

The course will benefit anyone seeking professional recognition and qualification within the security sector looking to progress through to management positions. It offers the security professional the opportunity to expand their skills and improve their career progression.

There are three intakes each year - January, May and September. The course is open to all those who operate within the private and public security sectors or those looking to move into these sectors.

Certificate Programme

The course is delivered by online learning, providing you with the advantage of being able to study from anywhere in the world. The Certificate takes 6 months to complete and comprises 3 mandatory modules shown below and 3 elective modules chosen by you from a pre-defined list as shown overleaf.

Mandatory Modules:

- *Principles of Security Management*

  A comprehensive introduction to security management, encompassing an introduction to the key concepts in risk management, building and maintaining sustainable security systems, along with the concept of how security can 'add value' to an organisation.

- *Understanding Organisational Security*

  An understanding of management principles required in the operation of a Security Department. Explore the role of management and the financial, human resources and operational skills and techniques required for managing security staff and resources.

- *Securing Organisational Information*
  Learners will look at information security from the non-technical point of view of the security or business manager, who has a responsibility for the security of information but has computer personnel available to carry out technical support work.

Delivered By Perpetuity Academy

Elective Modules

After completion of the mandatory modules, 3 modules from the following list can be selected to complete the course:

Health & Safety in Security Management

Securing Retail Organisations

Principles of Counter Terrorism

Managing Organisational Risk, Crisis and Disaster

Preparing for Strategic Security

Securing Corporate Assets

Why this course?

There is no requirement for you to have previous experience of security prior to undertaking the Certificate in Security Management. People who have previously taken the qualification include security team leaders and supervisors, security managers, Health & Safety managers, Facilities managers, police and fire service personnel and members of the armed services.

The Certificate is an internationally recognised qualification that results in a BTEC Level 3 Advanced Certificate in Security Management awarded by Edexcel.

When you start studying you will receive FREE Student membership of the Security Institute. On successful completion of the course, you can apply for full membership of the Institute, which is guaranteed at a minimum of Associate level (subject to probity checks) and provides access to the full range of Institute member benefits.

If you are in the armed services and you are eligible for funding via the Enhanced Learning Credits Scheme (ELC), Perpetuity Training is a recognised provider and the Certificate course is eligible for funding. Our provider number is 1787.

Further Study

The Certificate is the first stepping stone towards becoming a Security Management Professional.

Successful completion of the Certificate automatically qualifies you to enrol on the Security Institute's Diploma in Security Management, a BTEC Level 5 Professional award thereby enabling you to continue your academic and career development.
